

Live Immuno-Imaging Facility (LiF) Opening Workshop

DATE: Wednesday, June 19, 2013

VENUE: Taniguchi Memorial Hall (Integrated Life Science Building)

15:00 -15:30 *Live Immuno-Imaging: From small animal to human*

Yoshichika Yoshioka(PI, Biofunctional Imaging Lab, IFRcC)

15:30 -16:40 *Presentations of Collaborative Researches*

The seven collaboration groups introduce their researches using MRI.

<Morphological Studies>

15:30~15:40 **Masaaki Murakami**, Developmental Immunology

15:40~15:50 **Yuki Mori**, Biofunctional Imaging

<Functional Studies>

15:50~16:00 **Hiroyuki Murota**, Dept. Dermatology, School of Medicine

16:00~16:10 **Masaki Fukunaga**, Biofunctional Imaging

<Cellular-tracking Studies>

16:10~16:20 **Manabu Kinoshita**, Dept. Neurosurgery, School of Medicine

16:20~16:30 **Takashi Jin**, RIKEN QBiC

16:30~16:40 **Yoshikazu Tsukasaki**, RIKEN QBiC

16:40 -17:00 Questions and Answers

This workshop is open to IFRcC and RIMD members only.

Do not disclose what you hear in the workshop to external members.

This workshop will be held in English
