

Seminar Announcement

WPI Immunology Frontier Research Center, Osaka University
(大阪大学 免疫学フロンティア研究センター)

Dr. Bruce Beutler

Professor and Chair, Department of Genetics,
The Scripps Research Institute

“Using forward genetics to dissect immunity in the mouse.”

Beutler博士は、mouse forward geneticsの手法を用いて自然免疫のメカニズムを明らかにしている大変高名な研究者です。米国科学アカデミー会員であり、Robert Koch賞、William Coley賞、Balzan賞をはじめ、多くの国際賞を受賞されています。

Dr. Beutler is known for his pioneering molecular and genetic studies of innate immunity. He was elected to numerous honorary academic societies including the United States National Academy of Sciences. Other notable honors have included The Balzan Prize for Innate Immunity, The William B. Coley Award and The Robert Koch Prize.

日時: 2010年9月6日(月) 16:00 - 17:00

Date: Monday, September 6, 2010

Time: 4:00 pm - 5:00 pm

会場: 大阪大学医学部 講義棟2F, B講堂

Venue: Lecture hall B, 2F Osaka University School of Medicine

Host: Shizuo AKIRA (Director of IFRc)

Email: sakira@biken.osaka-u.ac.jp
