

IFReC - New Zealand Immunology Workshop

Date	Time	Speaker	Speech Title
June 17 (THU)	2:00pm - 2:15pm	Shizuo Akira	Introduction to WPI-IFReC
	2:15pm - 2:30pm	Rod Dunbar	Introduction to the 2010 NZ immunology scientist delegation
	2:30pm - 2:50pm	Anne Camille La Flamme (Victoria University of Wellington)	Regulating activation: macrophages in autoimmunity
	2:50pm - 3:10pm	Kiyoshi Takeda (IFReC)	Regulation of mucosal immune responses by innate immunity
	3:10pm - 3:30pm	Coffee Break	
	3:30pm - 3:50pm	John Fraser (University of Auckland)	Microbial Defence from Innate Immunity
	3:50pm - 4:10pm	Gavin Painter (Industrial Research Ltd.) & Sarah Hook (University of Otago)	Biological Response Modifiers
	4:10pm - 4:30pm	Rod Dunbar (Maurice Wilkins Center) & Gib Bogle (University of Auckland)	Human T cells and antigen-presenting cells
	4:30pm - 4:50pm	Masayuki Miyasaka (IFReC)	How do immune cells cross the endothelial barrier?
5:30pm - 7:00pm	Welcome Dinner at Restaurant Minerva		
June 18 (FRI)	10:00am - 10:20am	Masaru Ishii (IFReC)	Dynamic live imaging of bone marrow cells by using intravital 2-photon microscopy
	10:20am - 10:40am	Ian Hermans (Malaghan Institute of Medical Research)	Strategies to enhance CD8+ T cell responses to vaccination
	10:40am - 11:00am	Cevayir Coban (IFReC)	Whole-parasite vaccine strategy against Plasmodium falciparum involves TLR9 and hemozoin
	11:00am - 11:20am	Shimon Sakaguchi (IFReC)	Control of immune responses by regulatory T cells
	11:30am - 1:30pm	Lunch Meeting at Restaurant La Scena	
	1:30pm - 2:00pm	IFReC Laboratory Tour (8-10F)
