

Advanced Seminar Series on Microbiology and Immunology

Prof. Fritz Melchers

Max Planck Institute for Infection Biology, Germany
Lab. of Lymphocyte Development, IFRcC

“Microenvironments that regulate B cell development”

Date&Time: Wednesday, **December 12**, 2012, **3:00 – 4:00pm**

Place : Taniguchi Memorial Hall
1st Floor, Integrated Life Science Building

Host : Prof. Tomohiro Kurosaki
(Lab. of Lymphocyte Differentiation, IFRcC)

This lecture will be co-organized by RIMD and IFRcC, Osaka University.

Organized by: RIMD and IFRcC, Osaka University

Osaka University Global COE "Frontier Biomedical Science Underlying Organelle Network Biology"
