

Doctoral Program in Microbiology and Immunology at Osaka University in Japan

Admission in October 2024 / April 2025

for recommendation from
**Translational Health Science
and Technology Institute (THSTI), India**

**Don't miss this opportunity to learn
leading-edge Microbiology and
Immunology in Japan!**

THSTI and Osaka University collaborate to nurture the next generation of microbiology and immunology leaders through Osaka University's Ph.D. program, which offers doctoral students an exceptional research environment.

Successful applicants will be admitted in October 2024 / April 2025 to the Osaka University Graduate School of Medicine. The students in this program are eligible for a tuition fee waiver and scholarship, and will obtain their doctoral degree in medicine upon completion of the program.
