

Monday, July 11, 2011

Yutaka Komai

Single Molecule Imaging, IFReC

3:30pm - 4:00pm

**Visualization of T cell migration
and proliferation in lymph node:
in vivo two photon microscopy**

Takeharu Nagai

Nanosystems Physiology

4:00pm - 5:00pm

Research Institute for Electronic Science, Hokkaido University

**Toward deciphering biological
phenomena by
genetically-encoded molecular spies**

This seminar will be conducted in English.

Meeting Room 1, IFReC Research Building 2F

Host: Fumihiko Fujii (Single Molecule Imaging)

E-mail: ffujii@fbs.osaka-u.ac.jp
