

for recommendation exclusively from
Mahidol University

Doctoral Program in Microbiology and Immunology at The University of Osaka in Japan

IFReC Director,
Kiyoshi TAKEDA

Oct. 2024 Admission,
Student from Mahidol

Admission in October 2026 / April 2027

**Don't miss this opportunity to learn
leading-edge Microbiology and Immunology in Japan!**

Mahidol University and The University of Osaka collaborate to nurture the next generation of microbiology and immunology leaders through The University of Osaka's Ph.D. program, which offers doctoral students an exceptional research environment.

Successful applicants will be admitted in October 2026 / April 2027 to the The University of Osaka Graduate School of Medicine. The students in this program are eligible for a tuition fee waiver and scholarship, and will obtain their doctoral degree in medicine upon completion of the program.

**Application Deadline:
December 20 2025**

Applicants should send their application documents as an email attachment to the local committee at Mahidol University.

They will be preselected by the local committee at Mahidol University and the final selection will be made in an interview by the The University of Osaka Committee.
